		<p>change.</p> <p>LT is still awaiting a response from NGH.</p> <p>LT contacted Alison Jamson so this can be discussed at the next QRM.</p> <p>The CCG are aware of the difference in referral pathways between the North of the County to KGH and the South of the County to NGH.</p> <p>In the North, the GPs refer directly to KGH and KGH then pull together a report to send to the GPs. In the South of the County, only specialist GPs refer into NGH and the GP's interpret the results. NGH have requested that they are also able to accept referrals in the same way as KGH and following discussion with Az, I have confirmed to them that we are happy with this, but that NGH would need to do the reports in the same way that this is undertaken by KGH. NGH have been quiet since I made this offer and my understanding from Mark Battison is that NGH are unlikely to have the capacity in order to do this. If NGH do this, the CCG intention is that this would be a short-term solution. My understanding is that in the long-term, the CCG is considering other options.</p>		
<b>2019/ 06</b>	Any Other Business	<p>There were concerns raised on clinical waste and in that there are delays in collecting the clinical waste as there is an issue with the incinerator. Louise Tarplee (LT) will investigate this further and update the board members at the next locality board.</p> <p>Clinical Waste Collection is commissioned by NHSE. Louise Tarplee has raised the concerns as per discussion at Locality Board but if you have further concerns you need to contact: <a href="mailto:england.primarycareops@nhs.net">england.primarycareops@nhs.net</a>.</p> <p>Further information regarding Clinical Waste can be found at</p>	<p><b>LT</b></p> <p>Louise Tarplee</p>	<b>Completed</b>
